

Clearance delays cost contracts. **We help you stay ready.**

WorkSec enables Defence, government and critical infrastructure companies to build and maintain a secure, cleared, and **Trusted Workforce**, without delay or compliance risk.

Core Capabilities

- **Employment Suitability Checks**
Risk-based screening & assessment in alignment with AS 4811:2022.
- **Security Officer as a Service (SOaaS)**
Outsourced personnel security governance for Defence & Government contractors.
- **Security Clearance Sponsorship**
Baseline, NV1 & NV2 sponsorship including new clearances, revalidations, transfers & upgrades.
- **Cleared Talent Referrals**
Connecting you to pre-vetted, Defence-ready professionals.

“Thank you so much, I could not be happier. It has been an absolute pleasure dealing with WorkSec.

The process you have in place is first class, I could not fault it.”

- Trevor (VIC)

Discriminators

- Over **3,000 security clearances** supported across Defence and national security industries.
- Reduced clearance delays by **up to 60%** for clients in time-critical projects.
- **Trusted by Tier 1 and Tier 2** Defence contractors.

Key Customers

- **DISP Members** - Prospective, new or existing DISP members requiring personnel security governance uplift.
- **Small, Medium & Enterprise Businesses** - Requiring employee screening, vetting, clearance sponsorship or personnel security governance to service Commerical, Industry, Government or Defence.
- **Labour Hire & Recruitment Agencies** - Seeking skilled, security-cleared, Government & Defence-ready personnel.
- **Individuals & Contractors** - Requiring an AGSVA security clearance to fulfill a Designated Security Assessed Position (DSAP).

Key Partners

Delivering Australia’s sovereign capability through a **Trusted Workforce**

Why WorkSec?

- **Experienced Team** - Our security officers are highly experienced, having facilitated security clearances for over 3,000 clients. Our depth of experience ensures clients benefit from knowledgeable guidance throughout the life of sponsorship, ensuring high levels of compliance.
- **Extended Support Hours** - Our staff provide personal guidance and assistance by phone and email across extended hours, 7 days a week. WorkSec’s expertise, availability and responsiveness help sponsored personnel reach the point of vetting quickly and accurately, potentially reducing overall timeframes so they can start work sooner.
- **High Touch, High Automation** - Our systematised and automated workflows offer an optimal and seamless client experience, minimising manual errors and delays, freeing our experienced human capital to provide personnel security advisory where it is most needed.
- **Continuous Improvement** - We are continuously and iteratively improving our operational and governance systems to meet and exceed compliance with regulatory frameworks including the PSPF and DSFP, as well as predicting future controls.
- **Security & Privacy** - We maintain physical & information security systems to an exceptionally high standard, emphasising strong policies and processes around privacy, data security and handing of official sensitive information and your personal information.
- **Comprehensive Service Offering** - We are passionate about delivering our high-touch service to a diverse range of clients, including individuals, recruiters, SMBs, and large multinational companies. This broad service offering is a testament to our capability to handle personnel security and governance needs at any scale.
